Dear Mr. Miles:

Thank you for your recent letter requesting TIB to consider the reclassification of Washington Avenue, from 51st Street to Sid Snyder Drive, as a TIB arterial.

After reviewing your request, TIB confirms the section of Washington Avenue from 51st Street to Sid Snyder Drive is classified as a local access street and does not meet arterial classification criteria.

We would be happy to assist you with any questions regarding this decision. You can contact Clint Ritter, TIB Project Engineer, at (360) 586-1151 or via e-mail at ClintR@TIB.wa.gov.

Sincerely,

Dear Mr. Miles:

The City of Ilwaco currently has a project to re-construct Elizabeth Avenue which is currently being designed and is anticipated to go out for bid within the next year. Additionally, the city is currently applying for funding to overlay Captain Robert Gray Drive and to re-construct Adelia Street. The city would like to work to coordinate one or more of these projects with one or more of the projects currently anticipated by the City of Long Beach. By coordinating the projects both cities could realize reduced costs for mobilization and economy of scale on the purchase of materials.

I look forward to continuing to work with you and your staff for the benefit of our citizens and visitors on these much needed improvements.

Sincerely,

Elaine McMillan

I look forward to continuing to work with you and your staff for the benefit of our citizens and visitors on these much needed improvements.

Sincerely,

Gene Miles,
