SENATE BILL REPORT

SB 5262

As Reported by Senate Committee On:
Trade & Economic Development, February 21, 2013

Title: An act relating to the lodging tax.

Brief Description: Concerning the lodging tax.

Sponsors: Senators Fraser, Dammeier, Ranker, King, Eide, Becker, Hasegawa and Shin.

Brief History:

Committee Activity: Trade & Economic Development: 2/14/13, 2/19/13, 2/21/13 [DPS-WM].

SENATE COMMITTEE ON TRADE & ECONOMIC DEVELOPMENT

Majority Report: That Substitute Senate Bill No. 5262 be substituted therefor, and the substitute bill do pass and be referred to Committee on Ways & Means.

Signed by Senators Braun, Chair; Smith, Vice Chair; Baumgartner, Holmquist Newbry, Schlicher and Shin.

Staff: Edward Redmond (786-7471)

Background: A hotel-motel tax is a special sales tax on lodging rentals by hotels, motels, rooming houses, private campgrounds, RV parks, and other similar facilities. Cities and counties are authorized to levy a basic or state-shared hotel-motel tax of up to 2 percent. These taxes are credited against the state sales tax on the furnishing of lodging. Other hotel-motel taxes are imposed in addition to ordinary state and local sales taxes and are added to the amount paid by the customer. The latter type is often referred to as a special hotel-motel tax.

Prior to 2007, lodging taxes were to be used only for tourism purposes. Tourism purposes included tourism promotion and tourism facilities. Tourism promotion included expenditures designed to increase tourism, such as advertising, publicizing, and other methods of distributing information to attract tourists. Tourism-related facilities were defined as real or tangible personal property with a usable life of three or more years or constructed with volunteer labor and used to support tourism or performing arts or to accommodate tourist activities.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

In 2007, SSB 5647 expanded the allowed uses for tourism promotion to include operations. This allowed lodging tax revenues to be used for operations expenditures for tourism promotion as well as to fund and operate festivals and special events. The definition of tourism-related facility was amended to mean property that is owned by a public entity or a nonprofit organization, which includes both 501(c)(3) and 501(c)(6) nonprofit organizations. This authorized local lodging tax revenues to be used for tourism-related facilities owned by a public entity or a nonprofit organization, including organizations such as business organizations, destination marketing organizations, main street organizations, lodging associations, and chambers of commerce. The legislation also required annual accountability reports on the use of funds for festivals, special events, and tourism-related facilities owned by a nonprofit organization. The data in the report must include the following: total lodging tax collected for the year; list of events and organizations that received funds; list of events or tourism facilities either owned or sponsored by the local jurisdiction that received funds; the estimated number of tourists and overnight guests generated by the events and tourism facilities; and any other data that demonstrates an impact from the increased tourism that can be attributed to the events or tourism-related facilities.

A report by the Joint Legislative Audit and Review Committee (JLARC) to the Legislature and Governor was submitted on May 17, 2012, regarding the expenditures and economic impact of the festivals, special events, and tourism-related facilities owned by nonprofit organizations. JLARC's report stated that approximately 8 percent of lodging tax revenues were spent on the newly authorized purposes, and 92 percent of revenues were spent on previously allowed purposes. They were not, however, able to determine an economic impact from these changes due to incomplete reporting by local governments and concerns about the reliability of the tourist-related data that local governments collected. Moreover, local governments were not asked to collect and report information on tourist spending, which the JLARC study found was necessary for estimating economic impact. The JLARC study concluded that if the Legislature wishes to obtain reliable information for estimating the impact of these expenditures, additional data, collection guidance, and oversight would be needed; however, there would be costs associated with improved data collection and oversight, particularly for collecting reliable information on tourist spending.

The expanded uses for tourism promotion and reporting requirements created under SSB 5647 expire on June 30, 2013.

Summary of Bill (Recommended Substitute): The June 30, 2013, expiration date is removed. Local jurisdictions may use lodging tax revenues to fund festivals and special events designed to attract tourism and to fund the operations of tourism-related facilities owned by nonprofit organizations.

The specified measurement requirements under current law are removed. Applicants must instead supply the local jurisdiction with estimates of how the lodging tax funds result in increases to: tourists visiting the jurisdiction including anticipated overnight stays, and economic benefits to the jurisdictions from such tourist visits.

Applicants in a municipality with a population of over 5000 must submit their applications to the local tax advisory committee. The local tax advisory committee must select candidates and recommended amounts of funding and provide a list of those candidates to the local

jurisdiction for final determination. The local jurisdiction is only authorized to choose recipients from the list provided by the local tax advisory committee.

All applicants must submit to the local jurisdiction a report comparing the estimated tourism benefits with the actual outcomes to the local jurisdiction. Local jurisdictions receiving the post report must make it available to the local legislative body and the public, and must distribute copies of the report to COM and the local lodging tax advisory committees.

On a biennial basis, JLARC must use the reports distributed to COM to determine the economic impacts of the lodging tax revenues. JLARC must brief the Legislature on this report beginning 2015.

The definition of tourist is amended. Tourist means a person who travels for business or pleasure on a trip: away from their place of residence or business and stays overnight in paid accommodations; to a place 50 miles or more, one way, from their place of residence or their business for the day or stays overnight; or from another country or state outside of their place of residence or their business.

EFFECT OF CHANGES MADE BY TRADE & ECONOMIC DEVELOPMENT COMMITTEE (Recommended Substitute):

- Clarifies that the funds are authorized to be used for special events and festivals designed to attract tourism.
- Removes capital expenditures as an authorized use.
- Provides that lodging tax revenues may be used to support the operation of tourism-related facilities owned or operated by nonprofit organizations.
- Provides that when applicants apply for funding they must give estimates on how the monies they receive will increase the number of tourists visiting the local jurisdiction including anticipated overnight stays.
- Provides that applicants in a municipality with a population of over 5000 must submit their applications to the local tax advisory committee. The local tax advisory committee must select candidates and recommended amounts of funding and provide a list of those candidates to the local jurisdiction for final determination. The local jurisdiction is only authorized to choose recipients from that list.
- Provides that the report submitted to the local jurisdiction be given to COM and that on a biennial basis JLARC must use such report to determine the economic impact of the lodging tax revenues. JLARC must brief the Legislature on this report beginning in 2015.
- Amends the definition of tourist.
- Makes a technical correction to clarify that recipients of funds, not applicants, must submit a report to the local jurisdiction concerning the outcomes from the received funds.

Appropriation: None.

Fiscal Note: Available.

Committee/Commission/Task Force Created: No.

Effective Date: The bill contains an emergency clause and takes effect on July 1, 2013.

Staff Summary of Public Testimony: PRO: This bill is about a local option tax on lodging for the purpose of promoting tourism. The issue in this bill is what promotes tourism. A few years ago the state auditor made a determination that the lodging tax revenues could not be used for helping to put on an event. Following that determination, the Legislature passed a bill that said for up to five years funds could be used to help local nonprofit groups put on events that attract tourists. There are a lot of nonprofits across the state that put on such events but need financial assistance. This bill eliminates the June 30, 2013 sunset clause and permits local jurisdictions to continue to use a portion of their lodging tax revenues, at their discretion, to assist nonprofit organizations to put on events that attract tourists. If the sunset takes effect, there are only two ways the funds could be used. One is for advertising the event but not helping to put it on, and the second is for local jurisdictions to put on their own events without assisting a nonprofit. To help a nonprofit, all a local jurisdiction would be able to do is advertise the event.

CON: This is a special tax on one category of business. It is designed to promote tourism and that is how it should be aimed. Over the years some of the funding has been abused. There are lodging tax advisory committees that were created in the mid 1990s and they are supposed to review the uses of the lodging tax. In some communities, however, this does not happen. The JLARC report found that there was not enough data to determine if those added expenditures had any economic impacts. We should not continue these expanded uses if we cannot figure out, or the local jurisdictions did not care enough to report on, the economic impacts. This state does not have a tourism office. Since 2011, we are the only state in the nation without a statewide marketing program. The lodging tax revenues are the only tourism marketing funds the state provides. Local jurisdictions have been using them to work together to try and market the state in the absence of a tourism office.

Persons Testifying: PRO: Senator Fraser, prime sponsor; Ken Hays, Craig Ritchie, City of Sequim; Lee Grose, Lewis County Commissioner; Becky Bogard, WA State Destination Marketing Organizations; Johanna Jones, Andy Skinner, Lewis County Historical Museum; Ron Cridlebaugh, Kittitas County Chamber of Commerce; Skip Priest, Mayor of Federal Way; Ryan Miller, Hampton Inn and Suites; Joe Marine, City of Mukilteo; Glenn Hull, City of Fife Mayor Pro Tem; Fawn Bowles, Staybridge Suites, Mukilteo LTAC Committee; Jean Marie Trapp, Mukilteo Chamber of Commerce; John Binns, Bellingham Festival of Music; Walt Bowen, Greater Olympia Dixieland Jazz Society; Josh Weiss, WA State Assn. of Counties; Victoria Lincoln, Assn. of WA Cities; Greg Stewart, Ron Newbry, Central WA Fair Assn.; Eli Sterling, Earthbound Productions.

HB 1253

Brief Description: Concerning the lodging tax.

Sponsors: Representatives Blake, Orcutt, Takko, Dahlquist, Haigh, Hunt, Walsh, Lytton, Nealey, Morris, Hudgins, McCoy, Zeiger, Maxwell, Pettigrew, Bergquist, Van De Wege, Upthegrove and Freeman.

Brief Summary of Bill

- Authorizes lodging tax revenues to continue to be used for the operation of special events or festivals.
- Allows property owned by a nonprofit organization to continue to be considered a "tourism-related facility."
- Modifies and extends reporting requirements related to the expenditure of lodging tax revenues.

Hearing Date: 1/28/13

Staff: Dominique Meyers (786-7150).

Background:

Lodging Tax

The lodging tax, also known as the local hotel-motel tax, applies to charges for lodging at hotels, motels, rooming houses, private campgrounds, RV parks, and similar facilities for continuous periods of less than one month. The maximum tax rate is 2.0 percent. The tax is credited against the state retail sales tax of 6.5 percent; therefore, customers do not incur an additional tax.

Initially authorized in 1967 to provide King County with a funding source for the building of the Kingdome, the lodging tax was incrementally expanded over the years to cover additional cities, counties and fund uses. In 1997, the Legislature repealed the assortment of multiple uses for the lodging tax and instead required the future revenues to be used for tourism-related purposes.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Attorney General Opinion (AGO 2006 No. 4)

In 2006, the Attorney General issued a formal opinion (AGO) regarding the utilization of lodging tax revenues. Three questions were posed and answered:

- "Must a municipality have an ownership interest in a tourism-related facility in order to allocate lodging tax revenues for its operation?
- May a municipality spend lodging tax revenues on operating expenses of special events and festivals designed to attract tourists, which are operated by non-municipal entities?
- May a municipality enter into contracts with tourism promotion agencies that provide advance payment of hotel-motel revenues for tourist promotion?"

Citing lack of legislative clarity and action since the last AGO (AGO 2000 No. 9) on this subject, the AG opined that there must be some governmental interest in the facilities receiving lodging tax funds. However, there was nothing prohibiting the Legislature from amending the statute to allow municipalities to expend lodging tax receipts on the operations of non-governmentally owned facilities.

The lodging statute limited the use of lodging taxes on special events and festivals designed to attract tourists to marketing activities only. The AG concluded that there was no statutory exception to this express limitation of fund use. For a period in the 1990s, municipalities were allowed to use the proceeds directly for the funding of special events or festivals; however, limiting language was adopted in 1997. The AG also concluded that advance payment of lodging tax revenues to tourist promotion agencies for tourist promotion activities was prohibited under RCW 42.24.080. This statute requires that all claims presented against a municipality for any contractual purpose must be audited prior to payment.

Recent Legislation

In 2007, in response to the AGO, several changes were made to the lodging tax laws.

First, the permissible uses of lodging tax revenues were expanded to include expenditures for operations related to tourism promotion, including operations relating to special events and festivals.

Second, the definition of "tourism-related facility" was broadened to include property owned by various types of nonprofit organizations.

Third, local jurisdictions using lodging tax revenues are required to submit an annual economic impact report providing information on the amount and use of lodging tax revenues to the Department of Commerce. The Joint Legislative Audit and Review Committee was required to report to the Legislature by September 1, 2012 on the use and economic impact of lodging tax revenues.

All of these changes are set to expire on June 30, 2013.

Summary of Bill:

The June 30, 2013 expiration date is removed. Therefore, lodging tax revenues can continue to be used for the operations expenditures for tourism promotion, including the operation of special events and festivals. In addition, nonprofit organizations can continue to own “tourism-related facilities.”

Jurisdictions no longer have to provide, to the department of commerce, an annual report of the use of lodging tax revenues. However, an organization applying to a local jurisdiction for use of lodging tax revenues must include an estimate regarding benefits resulting from the use of such revenues. A post-event report must be submitted to the local jurisdiction evaluating the actual benefits from the estimated benefits in the application.

Appropriation: None.

Fiscal Note: Requested on 01/22/13.

Effective Date: July 1, 2013 (Emergency Clause)

SUMMARY STATEMENT: Please see attached request.

RECOMMENDED ACTION: Approve SUP 2013-02 for Don Lee to sell fireworks from June 28 through July 5, 2013 pursuant to Section 12-11-14 of the Long Beach City Code, which states as follows:

“SPECIAL USE PERMIT: For events, uses, and other activities not specifically addressed by this title, an applicant may apply to the city council for a special use permit. The issuance of a special use permit is at the discretion of the city council. The city council may impose such conditions as are deemed necessary to mitigate impacts including, but not limited to, noise, lighting, traffic and hours of operation. A special use permit shall not be used to permanently permit a use that would otherwise be prohibited by the zone district in which the property is situated. A special use permit shall have an expiration date that is no more than one (1) year after the approval date. Upon application, the city council may grant a single extension of a special use permit.”

Outdoor vending not otherwise allowed may be permitted on a case-by-case basis by a special use permit. In this case, the request is by a repeat vendor who has a current Long Beach business license and who has historically operated his business under a special use permit according to city rules, regulations, and policies. Fire Chief Glasson and Police Chief Wright have reviewed the request and the vendor’s history in Long Beach and have no objections or comments.

Loyalty Days Banquet Table Sponsors,

The Loyalty Days Foundation is proud of our community's endeavor to maintain this patriotic event. In July 2012 the Board chose the theme for this year's, event which is **"Liberty for All"** commemorating the pride we have for the people serving our country.

We have arranged for the attendance of renown portrayer of Patrick Henry, by Mr. Richard Schumann from Virginia. We feel honored to bring his nationally recognized talent to Loyalty Days. We believe you will find his presentation motivational, inspirational, educational, and entertaining.

The banquet will be held at the Elks Lodge in Long Beach, to ensure everyone great seating and participation. Joint Base Lewis-McCord, I-Corps Band Jazz Quartet has been asked to entertain us this year during the social hour from 6 P.M. to 7 P.M., directly followed by dinner and honors ceremony.

With supporters like you, this "Historically Rich Celebration of Patriotism" is a trademark for our region. We hope we will be able to count on your continued, support for this year's Honors Banquet scheduled for Saturday, May 4th, 2013.

Tables are available for sponsorship at \$225.00, and will afford you the opportunity to seat (6) at your table, including yourselves. This will enable us to seat (2) invited volunteers/quests at each table throughout the room. Your hospitality with visiting quests and generosity shown by the financial support has been essential to the success of this event. We will have door prize drawings, as well as opportunities for financial contributions for the legacy of Loyalty Days Foundation.

Planning is the most important part of any successful event, so we look forward to hearing from you in the near future. With limited space, and our community's pride, we have seen sponsor tables purchased quickly. To reserve your table today, please contact Bob and Judi Andrew by email at bjandrew@centurytel.net, or fax your response to 642-8004. You may also reach us by phone at (642-4441 Days or 642-4218 Evenings).

On February 5th – 7th Officer Kevin Martin attended training. The training was for the Glock Armorer's Course and the Advanced Glock Armorer's Course. This training is required in order for Kevin to repair or duty hand guns.

On the 7th Officer Tim Mortenson attended training. He received a refresher course in the operation of the BAC (breathalyzer) machine and in "standardized field sobriety testing" procedures. This training is required every 3 years for officers in order for them to conduct DUI investigations.

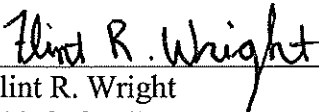

I met with Lt. Scott McGrew, who is the commanding officer of Station Cape Disappointment, on the 13th. We met to discuss mutual aid issues.

Officers Kevin Martin, Tim Mortenson, Jeff Cutting and Sarah Boggs attended training on February 15th. The class was held in Seaview and was titled "Controlled Party and Source Investigation Training". The class dealt with handling MIP parties and investigating where the underage drinkers got the alcohol. The class and overtime to attend was paid for by a grant. Officers Casey Meling and Randy Busby took the online version of the course.

I met with members of the school district and the Pacific County Sheriff's Department on the 20th. We met to plan for a table top exercise we are going to hold in March. The table top exercise is going to involve an active shooter at the high school.

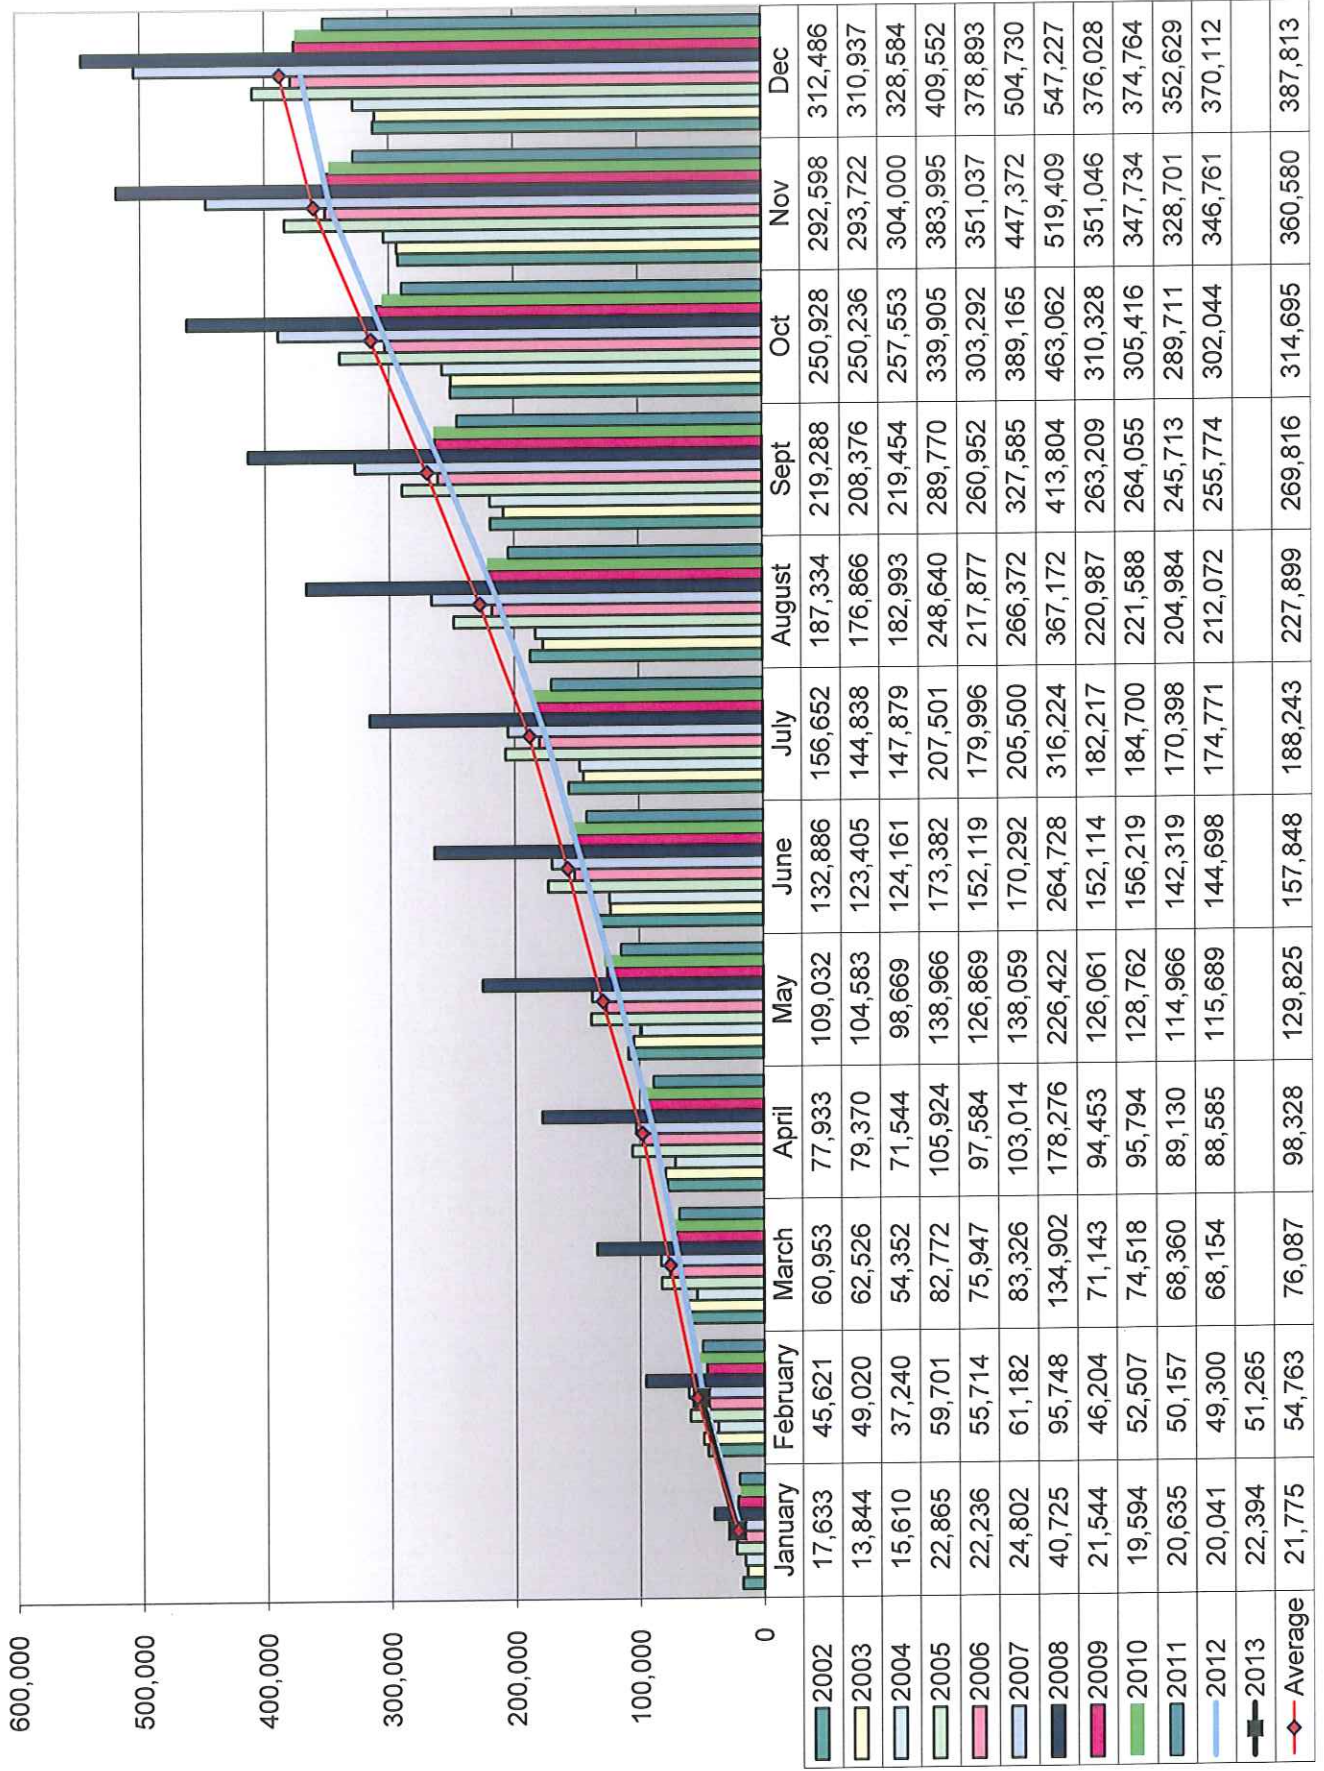

Officer Casey Meling attended training on February 21st and 22nd. The title of the course was "Advanced Roadside Impaired Driving Enforcement". The training is to assist officers in determining if a driver is under the influence of drugs.

On February 26th I gave a presentation to the local chapter of the National Alliance on Mental Illness. I talked to them about law enforcements role in dealing with those who suffer with mental health issues and how we are trained to deal with the mentally ill.

RE: Peninsula Sanitation Service, Inc., G-011
Submission of Tariff No. 16/Disposal Fee Only Rate Increase

On behalf of Peninsula Sanitation Service, Inc., G-011, I am now enclosing a disposal fee only rate adjustment request. This proposed increase is necessary to offset disposal cost expenses. If approved by the Commission, affected rates would increase the company's overall regulated revenues by approximately 3.1%, or \$84,000 per year.

This filing is predicated upon cost increases at the affiliated transfer station caused by environmental compliance requirements for improved solid waste handling at the facility mandated by the Washington Department of Ecology.

Pacific Solid Waste Disposal, Inc. contracts with Wasco County Landfill, Inc. for transportation and disposal of solid waste generated at the site. The contract specifies a base disposal price in addition to transportation costs.

The transportation costs were established on August 1, 2009 with a base fuel price and a cost escalator based on diesel fuel priced at \$2.40 per gallon. Any increase or decrease in fuel prices (including state, local or federal taxes) will create an adjustment to the customer in the amount of \$0.91 per round trip to Wasco County Landfill for each \$0.01 per gallon change in the price of diesel for loads originating in Long Beach, WA.

The disposal costs in the contract were also established August 1, 2009 with no adjustments until August 1, 2010. On that date and each subsequent August 1 for the duration of the contract the basic disposal price is adjusted by 85 percent of the increase in the Consumer Price Index, West B/C for the most recent reporting period, as of December 31, for the preceding twelve (12) month period.

The company also now requests that the Commission, on its own Motion under WAC 480-07-370(b), treat this disposal fee only filing as an exception to the general rate case workpaper rule at WAC 480-07-520.

February 14, 2013

Additionally, pursuant to Commission rule at WAC 480-70-271, a copy of this transmittal letter is being mailed to the Chairman of Pacific County Commissioners and to the Mayors of Ilwaco and Long Beach, WA. A copy of this letter is also being sent to the Chinook Observer for publication.

If approved, the company will provide notice of the increase to all affected customers on their next regular billing cycle.

Peninsula Sanitation Service, Inc. encloses magnetic and paper copies for applicable tariff pages, updated pro forma results statement, Lurito/Gallagher calculations approved in TG-120283 effective July 1, 2012.

Pacific Solid Waste Disposal, Inc. Is enclosing magnetic and paper copies of financial statement summaries, operating results pro forma, restating and pro forma adjustments, disposal revenue calculations, disposal cost calculations and depreciation schedule for the test period ending September 30, 2012 justifying the rate increase.

If there are any questions regarding this filing, please contact Weldon T. Burton, CPA, telephone number is 360-727-3643, fax number 360-727-7637 and email weldon@weldontburtoncpa.com.
